## THOSE GOOD OLD DAYS

Remember when every housewife bought ice from the ice man and cooked in iron pots and pans? When old folks were convinced that the automobile was a reckless invention and nearly everyone walked to work? Looking back toward those misty years at the turn of the century, some of us are apt to call them the "good old days" and feel sorry that they passed. Actually, however, they haven't passed entirely. In many respects those good old days are certain to be like the new days coming up in the months that are just ahead.

As our factories turn out more mountains of war materials to supply the armies of freedom, more and more of the products we've taken for granted are going to disappear from our stores and from our lives. Metal articles ranging all the way from electric refrigerators and washing machines to pins and needles are going to become scarcer as the war continues. Many changes are going to occur in the way we live, and work.

As our standard of living goes back toward that of the old days—as we begin doing without many of our wonderful modern industrial products—these much become apparent: those days may not have been so good as people thought they were. Modern industry has made our new days so much more comfortable and convenient.

Yet the old days were good enough for our parents and our grandparents—good enough for all those who came before and changed a wilderness continent into a mighty nation. Our forebears managed and more than managed with the resources at their command. Today it's not too much to expect us to do the same temporarily.

Even with the shortage we must accept, our standard of living will still be higher than it was in those days. And after the war, when our factories can turn all their productive skill to the manufacture of peace time goods, it will once again be higher than anything the world has ever known.

## TREASURE ISLANDS

When we were children most of us dreamed of hunting buried treasure. Today we can make that dream come true. We can really have our treasure hunts. For in every part of the country men and women are digging for valuable metals, searching in unlikely places, scouring their homes and their yards, remembering things they had forgotten and half-forgotten many years ago.

Today our factories need scrap iron, rubber, waste paper, pieces of copper and other metals. They must have them so that they can produce more steel, more rubber, more weapons.

There's no telling where we'll find the scrap they need. It might be anywhere, for there are treasure islands all around us. Some people have found valuable "junk" tucked away and remembered in attics, cellar, garages, barns. Employees in one factory even dug up the ground around their plant and uncovered 50 tons of metal in odd and ends that had been thrown away in previous years.

Their action gave some one an idea, and that idea is spreading. Today throughout America people are organizing treasure hunts to search for scrap. Treasure hunting has become a game that all of us can play—and must play—to help America win the war.

By DICK LAPLAS

Prob'ly  
Facts

One of the strangest tales of the week is told by Sallie (Sims) Corbin who tends bridge between Chosen and Torrey Island. A about one o'clock Monday morning Slim heard a racket out towards his hen house. Slim slipping on his pants gave his pip and flashlight and started out by winding his way down through the parked automobiles full of spectators that kept the dike pretty well filled up from sundown to sundown. On reaching his hen house Slim finds one of the largest coons that he has ever laid eyes on holding one of his prize hens in its jaws. After flashing the light on the animal he discovered. Looking around he discovered that the coon was setting down right beside him purring like a cat. Slim on coming out of a paralyzed position let's out a couple of war whoops and started fighting the big guard action of firing his pistol twice at the friendly coon, but missing each shot. He finally threw his gun at the coon that kept following him like a friendly dog. The young coon and the hen Slim put up fighting war guard action clear-

ed the dike of parked automobiles for the first time in many months. The noise of battle raged on the opposite side of the dike from where Sallie lives. Slim's closest neighbor, heard the offensive battle going on, grabbed his gun and came over and rescued Slim from the coon that was following him. Slim says, "That was the first time that I have ever gotten mixed up with anything like that, and I hope it will be the last time, for I suppose if I killed the thing that coon would have kept following me around until I would have hurt myself."

I was talking to a Sergeant in the Army that has been stationed over different parts of the country for the last couple of years. He says, "One of the strongest moral builders and one of the things the boys appreciate as much as a raise in pay, is for the people to ask them out to dinner, and to send them packages and letters from home. Not that the food isn't good in

## Let's All Pull Our OWN Oar

the service, but you know we just like a little home cooked vittles now and then and most of all the friendliness that goes with it." He further claims, "We are not complaining or peering but the English book over here are getting all the breaks for people figure they are so far away from home until they hafta kinda be looked after and entertained, but there's no difference from being two miles from home and three thousand if you can't get out."

A traveler after spending the night at a hotel was noticed by the clerk next morning to have a sleepy look on his face, the clerk asked, "didn't you rest well last night on our beautiful mattress and inter springs."

"Yes," replied the traveler, "I rested right well, but I didn't do so much sleeping with four times in bed with me."

A fellow told me the other day he had lost his money on a two year old, but the way the boss came in it must have been the coon's mother.

he man that started that old best friend must not have been tried betting on one.

A good reader and friend mailed me a card this week and said "you sure have your nerve to write about a coon party; tee hee, the shoe must have pinched him."

V V V

## "Toy Symphony" Presented in Recital

Miss Elizabeth Thompson, first grade teacher, presented her "Toy Symphony" in a recital at the High School auditorium Tuesday night and a large group of parents and friends composed the appreciative audience.

The program included: "Minuet in G," Beethoven; "Grand March V," Bellini; "La Cravatte," Minkus; "Loin du Garmen," "Pirriette," Dillies; "Ave of Diamonds," Norwegian march; "A Canoe," Schlegel; "Vestalens," "Loin du Ball," "Sirenet Gillel." Songs: "The Gray Pony," "Excuse Me," "On the Way to School," "Mammy's Chocolate Drop," and "There are Parties at the Bottom of the Garden."

Folk dances: "Virginia Reel," "I See You," "I Took a Walk," "How do You do, My Partner," "Hold Your Thumbs Out," "Dance Dear Partner Mine," "Klap Dozen," "Chimes of Dundrick," "Danish Greeting," "Indian Dance," and "Flowers for Our Soldiers."

Children taking part were Joan Rabin, Ann Hughes, Kay Fraz, Dorothy Kidder and Elaine McCabe as the bells; Irma Jean Walden, Dorothy and Kidder, David Weiman and Elaine McCabe as the clog dancers; Lois Neller, Nancy Ball and Betty Ingram as the triangle; Nancy Ball, tamourine; Elaine McCabe, whistle; Dorothy Kidder and Elaine McCabe, castanets; Esther Froehlich, drums and cymbals; Ann Hughes, Joan Rabin, Kay Fraz, Kenneth Kirschman, Nancy Ball, Dorothy Kidder, Joan Rabin, Betty Ingram, Lois Neller, chorus; Lois Neller, soloist.

## TWO KILLED, ONE INJURED

William L. Winkler of Florence, Wisconsin and George Cashin of Stevens Point, Wisconsin were killed and their companion, O. K. Strickland, injured Saturday night in an accident nine miles east of Arcadia in which the produce truck of J. W. Lyons of Bean City was involved. The three youths were aviation cadets of the

lights and flares to be used in case of accident; but stated that the crash occurred before the driver had time to get the flares out and use them. Mr. Lyons upon notification of the accident made an immediate trip to the scene to investigate details and look after his driver and the truck.

## School Honor Roll

The honor roll for the first semester at South Beach has been announced by Principal E. F. Johnwick.

First grade, Billy Martin, Elizabeth Lockmiller and Hazel Prevatte.

Second grade, Betty Jean Hall, Myrna Lockmiller and Alton Byrd.

Third grade, Jewell Browning and Betty Moree.

Fourth grade, Ruth Reid and

Johnwick.

## Deal With A Bank That Has Confidence In YOU

### WE PLACE CONFIDENCE IN YOU SO THAT YOU WILL HAVE CONFIDENCE IN US

CONFIDENCE is the foundation of a bank. Without it no bank can live. Confidence is the total belief that another person or institution will carry out his promises. We have always believed in the people of this community because they keep their promises. You believe that your word is a solemn and binding obligation and we honor you for it. Look at the illustration; it symbolizes the harvest, the end of the growing season, the time when every farmer sells his produce and thinks of the obligations he has contracted during the year. We know that every farmer who has an obligation to us will come in at this time to square accounts, or help toward the payment of his debt.

BUT it isn't to our regular customers that we are speaking because they know that we have confidence in them, and they have confidence in us, but to you who have never taken advantage of our services and learned of the great help we can give you. Come in today and talk with us about our services and open an account. We want to prove to you that we have confidence in you so that you may have confidence in us.

### ST. MARY'S ALTAR SOCIETY MEETING

Mrs. Eugene McCabe, president of the St. Mary's Altar Society, entertained the members of her group at their regular meeting when the topic of "Christian Doctrine" was studied.

A report of the defense activities included secretarial work done on the defense boards and knitting for Red Cross. The finance committee reported that \$150 was realized from the spaghetti supper which the group recently sponsored.

At the conclusion of the business session refreshments were served to Mrs. Peggy Pike, Mrs. Carl Lockmiller, Mrs. Rosa Nash, Mrs. William Moses, Mrs. Lloyd Blass, Mrs. Marion Spooner, Mrs. T. S. Tabitt and Mrs. Joe Frodoheim.

### ENTERTAINS AT BRIDGE PARTY

Dr. and Mrs. John Wilson entertained at their home at the Everglades Experiment Station Friday night with a bridge party honoring Dr. and Mrs. Frederick T. Boyd who are leaving this week for Fort McClellan, Ala., where Mr. Boyd will report for Army service.

Refreshments were served at the conclusion of the game. Those playing were Dr. and Mrs. Richard Townsend, Dr. and Mrs. Thomas Breger, Dr. and Mrs. Roy A. Bair and their guests, Mr. and Mrs. Matt Bair of Painesville, Ohio, and Mr. and Mrs. Howard Haney.

### Osceola Girl and Boy Scouts Get Leaders

A general meeting of all Girl and Boy Scouts of the Osceola Camp, was held Monday afternoon when Joe Edwards, assistant executive of West Palm Beach, attended to help in completing the organization. Joe Cassillus was selected for scoutmaster. Mrs. Edna Dunbar, recreation director of the migratory camps has been acting as scoutmaster for the girls and boys.

At the present time there are 19 Boy Scouts, 16 Cub Scouts, 16 Brownies and 12 Girl Scouts. Many of them have uniforms. A number of the boys are selling vegetables to groceries and peddling them around town Saturdays, the money from which is spent for defense stamps.

This membership represents practically every child living within the camp, who is of scout age, Mrs. Dunbar said.

### Victory Square Dance For U S A Success

An old fashioned square dance which was held at Rader's warehouse, east of the colored migratory camp, last Thursday for the benefit of the United Service Organization Club at West Palm Beach, was a huge success. Many sets were run and called by the visiting soldier fivers from Morrison Field Air Base. The dance was sponsored by Mrs. J. D. Poole and among those present were her daughters, Dixie and Gloria, Mrs. F. Roldes and her daughter Dorothy, Miss Wilmer Hutchinson and Mr. S. Osborne.

Joseph T. Caragher, director of the U S O Club at West Palm Beach, was so enthused over the success of the dance that he has instituted a square dance night once a week at the club.

### Hostess to W. M. U.

Mrs. Maude Hartline was hostess to the W. M. U. at her home in South Bay last week. A royal service program on the subject, "Honesty and Stewardship" was presented. Those attending and taking part were: Mrs. L. O. Ratley, Mrs. A. J. Barnes, Mrs. Irene Frame, Mrs. Jewel Maples was in charge of the Y. W. A. at the L. O. Ratley home last week. A combined business and program session was conducted. Girls present included Annette Maples, Frances Prevatt, Betty Frame, Quinlan Walker, Erma Ellison, Lucille Barnes, Eleanor and Helen Ratley.

### HOME DEMONSTRATION

(Continued from page 1) low consumption of milk, green and yellow vegetables and fruit and the consumption of too many refined cereals.

To offset these, good food habits included the consumption of much lean pork a source of vitamin D, syrup and molasses, sweet potatoes containing vitamin A and plenty of citrus in the citrus belt. She pointed out that turnip, mustard and collards can be grown in Florida twelve months in the year and are an important factor in the diet.

Miss Sikes also pointed out better methods of cooking to preserve valuable vitamins and food value and discussed how various diseases resulting from poor nutrition may be avoided. Her talk was illustrated by a film put out under the AAA, using pictures found in the Consumer's Guide. She announced a Congressional Dietetic Nutritional Conference in Miami on March 13.

A consumer's food quiz was given to everyone attending and each marked her own score. Charts on vitamins, their functions and sources, functions of food in nutrition and leaflets giving a low cost adequate marketing list and a liberal adequate marketing list for the week were distributed.

In January, Miss Isabelle S. Thursday was, in Palm Beach county for four days giving demonstrations in canning, gardening and food conservation. Miss Thursday is the state extension food conservation specialist. She spent one day in the Glades discussing vegetable canning at Pahokee and fruit preservation at Belle Glade. Three days were spent on the East coast; one day she demonstrated vegetable canning, fish canning and smoking at the Court House kitchen and one day canning and fruit preservation and the use of canned products for nutritious meals at the Florida Power & Light company kitchen.

East coast 4-H club leaders and girls met Miss Thursday on Saturday at the Court House for a discussion on the 4-H club canning program. Everglades 4-H had heard Miss Thursday on Thursday at Belle Glade. Miss Thursday is expected to make a second visit to the county during the spring and conduct another series of demonstrations. Other state leaders and experts will come from time to time to meet with this trained group of women to help solve their problems along these lines. A very representative group from various parts of the county are found in attendance at all these meetings and the results planned and cooked meals increase in the number of garden, canned products and better planned and cooked meals throughout the county.

### SOUTH BAY LAKE HARBOR BEAN CITY

Bill Allen, Jr., who recently received rating as machinist's mate aviation degree, was home on a visit for a couple of days last week.

Mr. and Mrs. Everett Franz accompanied by Mrs. Edith Lockmiller, motored to West Palm Beach last week and brought home their little daughter, Jennie, who is much improved from observation and treatment at the Good Samaritan hospital.

Mrs. Herbert Marlowe, Jr., and son, Gerald, arrived last week for a visit with her parents, Mr. and Mrs. O. M. McAllister at Bean City and her uncle and aunt, Mr. and Mrs. S. M. McAllister of South Bay.

Mrs. G. J. Barstow attended a meeting on Food and Nutrition sponsored by the University Extension Service through the Senior Home Demonstration Council at the Osceola camp at Chosen on Thursday afternoon. Miss Anna Mae Sikes, state extension nutritionist, of Tallahassee was the speaker of the afternoon. She talked on Food and the National Defense.

Mayor A. O. Walker was transferred from the Phokae hospital by ambulance to the Jackson Memorial hospital at Miami last Thursday. He was accompanied by a nurse and brother-in-law, Kenneth Lockmiller.

Robert Williams has returned to his home in Georgia after an extended visit in Lake Harbor with Mr. and Mrs. Walter Moore.

Leonard Pasack and William Bailey left Feb. 19 for active military service at Camp Blanding.

Mrs. J. S. Scogin, who was recovering from a recent illness suffered a relapse last week and is again confined to her bed.  
Marvin Lee, son of Mr. and

Mrs. W. M. Lee, received his call to active service in the navy and left for Norfolk, Va., on Feb. 13.

Vernon Henderson, son of Mr. and Mrs. J. A. Henderson, left Sunday, Feb. 8 for Norfolk, Va., to enter on his naval training course.

Leola Throp, little daughter of Mr. and Mrs. Clarence Throp of Belle Glade is visiting her grandparents, Mr. and Mrs. R. O. Stacey at Lake Harbor this week.

Mr. and Mrs. A. W. Shuler and son, David, have returned from a week end visit with friends in Tampa.

Mr. and Mrs. Clarence Brown of Belle Glade took Sunday dinner with Mr. and Mrs. Jim Henderson in Lake Harbor.

Kenneth Lockmiller is suffering from a carbuncle and unable to return to his job.

Mellie Cunningham of Belle Glade was honor guest at a birthday party at the home of

Margarette Wood in Lake Harbor Saturday night. The young people spent the evening playing games. Light refreshments were served. Guests included Mellie, Elizabeth and W. L. Cunningham, Elizabeth Kinney, Agnes Robertson, Eudon Armstrong, Eugene Hatcher, Inez Haven.

Mary Grace Denton, who recently returned from Sherman, Texas, spent the night Monday with Quinlan Walker.

Miss Edna Carter and Mrs. John Hester of Belle Glade visited Leola and Carafay Stacey at Lake Harbor Sunday.

Mr. and Mrs. E. M. Willis and daughter, Jean, visited relatives in West Palm Beach recently.

Dolores Willis is ill at the home of her parents, Mr. and Mrs. Leon Willis.

Mrs. Moldred Strickland returned home Sunday after a visit in Jacksonville.

Mr. and Mrs. Presley Tharpe

and sons, Heston, Bernard and Howard and nephews, Cecil and Dewey Walker, Jr., of Bartow visited relatives in South Bay over the week end.

Carl Keene returned home on Saturday from Pensacola for a visit with his mother, Mrs. Anna Keene.

Mr. and Mrs. W. M. Van Winkle and children, Jerry Ellen and Lloyd of Ft. Lauderdale are visiting her parents, Mr. and Mrs. Lloyd Aspy on Kremer Island.

Mr. and Mrs. Harry Tobey and son of Jacksonville visited Mrs. Laura Willis and daughter Monday.

Mary Grace and Charles Denton, who spent the summer and fall at Sherman, Texas, and have recently been visiting in Jacksonville, returned Sunday. Mary Grace is making home with her sister, Mrs. Sam Fleming in Belle Glade and attending the Belle Glade High school and Charles is living with his aunt, Mrs. H. O. Mitchell and attending the South Bay Junior High school.

## Bill Pierce Announces Opening--Will Take Care of 80 Men

At a formal ceremony Wednesday night, Bill Pierce will open his Truckers Terminal. Located on the Pahokee road just north of the Hillsboro Bridge, the Terminal will offer services to the truck drivers in the section who have had no sleeping facilities at all or at best, some that were not desirable.

A long needed service, the Terminal will accommodate 80 men at one time and offers everything the truckers will desire. Private rooms with double or single beds, chest of drawers, rugs and water in every room will make the trucker comfortable at any time of the day. Sound proof rooms will enable men to sleep or listen to his radio and not disturb anybody else. The most modern building of its kind in the country will take care of the needs of the residents with the most up-to-date restaurant in town. The restaurant can accommodate 60 at a time and is constructed entirely of concrete, just as the whole building. Twenty-four people can sit at a beautiful glass-enclosed counter.

Plans are already going forward for building a four story building just south of the Terminal to furnish offices for brokers, trucking concerns and a complete service station, including a large set of scales to weigh the trucks.

Altho the grounds around the Terminal have not been finished and many other little things have to be changed the building offers to those who drive by on the highway a beautiful picture and when landscaped it will be the talk of South Florida.

Sleeping quarters for the men who cannot afford the high prices in other places will not be left out. Rooms have been designed to please the pocket-book of any who may wish to stop, prices starting at fifty cents and ranging to two and a half dollars.

Complete bath-rooms and showers have been installed and is included in the price of the room. The softer side of life has not been overlooked either. Back of the building is a smaller addition that can be used for reading or small get-togethers.

This section has needed a terminal for a long time and Belle Glade people wish Bill Pierce and the Terminal the best of success.

### CHURCH NEWS

Community Methodist Church  
Hours of service: Church school 10:00 a. m. Divine Worship 11:00 a. m. Epworth League 7:00 p. m. Choir Practice Tuesday 7:30 p. m.  
This Friday evening begin-

ning at eight o'clock we are observing the "World's Day of Prayer," to which all are invited. The program is in charge of Mrs. Hugh J. Bratley.

## SCHOOL NEWS

FROM BELLE GLADE'S NEW HIGH SCHOOL

AMATEUR PROGRAM  
HELD IN ASSEMBLY  
Friday, February 13, the high school held an amateur talent program which included one or more amateurs from the Junior High and High school groups. Betty Jean Miller began the program by reading a scripture

from the Bible and leading the assembly in the Lord's Prayer and the Flag Salute. The seventh grade amateur was Betty Miller. She sang the well known song "A Frog He Would A Wooing Go."

The eighth grade featured Betty Jo Murphy in a Hula Hula dance.

The ninth grade featured Jimmy McEaddy and Dolly Rutledge in "The Beer Barrel Polka" with trumpet and piano. This brought quite a response from the audience.

The prize winning skit was sponsored by the tenth grade, featuring Tom Lloyd as Professor Barlett and Bill Grant as the defenseless pupil. Tom played his role perfectly, to the delight of the students.

The juniors featured Fred Strickland, his guitar and a few well known songs.

At the conclusion of the program the assembly was led in prayer by Mrs. K. Cant.

The selections were "Shouting For Freedom," "Columbia The Gem of the Ocean," and "The Star Spangled Banner."

### MEMBER OF FACULTY HAS BIRTHDAY

Mrs. John Martin Harrell, Jr., celebrated a most happy and lovely birthday on February 16, 1942.

She is the former Miss Gertrude Thomas of Pahokee and a graduate of Florida State College for Women.

She is now teaching Socialized Studies in the junior high and Biology and Home Economics in the high school here.

### AGRICULTURAL LEADER LEAVES FOR ARMY

Mr. W. H. Kendrick, agricultural teacher of Belle Glade High School, left for Ft. McClellan, Alabama, where he will enter as a Lt. in the U. S. Army.

While at the Florida University at Gainesville Mr. Kendrick, in addition to his agricultural training, had 2 years of R. O. T. C. training. This was followed by 2 years of training in the U. S. Infantry division.

He was accompanied to Fort McClellan by his wife and daughter where they will live.

### "YOU CAN DEFEND AMERICA"

Ships and guns and planes we need. Our Country to defend, but we must.

Arm the hearts of men to win the end.

Banish fear and greed and hate. Every man and every family.

Under God we then can build our nations Unity. You can defend America.

You've got something to do. Clean up the nation from bottom to top.

Start with yourself in the home and the shop. You can defend America.

Nobody will if you don't. So get going and give, and we'll all learn to give. To Defend America.

### PUPILS BUY STAMPS AND BONDS

Belle Glade school is doing their share in defending America. On a recent survey of January 20 it was disclosed that the entire school has attained \$542.70 in stamps and \$145.00 in bonds, which makes the grand total of \$1,992.70.

## SPORTS

Another county basketball tournament will be played today and the host will be none other than the Junior high school.

The games will be played at the local high school gym and the games will start promptly at 10 o'clock with Central High matching battle with Lake Worth. Canal Point plays Jupiter at 11 o'clock followed by Riviera against Delray Beach.

Belle Glade drew a bye as did West Gate. The finals will be played Saturday afternoon beginning at 2 o'clock with the main game scheduled to start at 4.

All games will be under the direction of Coach Carl Thompson of Belle Glade and Pete Hussey of Northboro.

Two beautiful loving cups for the champions are furnished by the West Palm Beach Knawis Club.

### Rams Take One From Pahokee Blue Devils

Belle Glade almost had a field day (or night) Tuesday night when both the boys and girls basketball teams won over their friendly rivals from Pahokee. The Rams, playing fast and accurate at the same time, beat the Blue Devils to the south every time and won by a score of 23-16.

Jimmy Williams, star forward for the Belle Glade Rams, led the scoring for the team with a count of 16, as much as the whole Pahokee team accounted for. Brough was the best on the floor for the visiting Blue Devils.

Starting line-ups for both teams were as follows:

RAMS: F. Sims, B. Williams, C. Brough, W. Warren, C. Wilkinson, C. Cunningham, C. Carr, Hill, G. Jackson

Only one casualty of the night was Carroll Warren who sprained his ankle in the first few minutes of the game.

The girls, playing with six on each side seem to get in each other's way but the Belle Glade lasses had the pep and vigor to keep ahead.

### GLADES LAND

(Continued From Page 1) crops in one year. The best crop was in the summer time and was more than double the yield of any other test crop produced for them in any of the other locations. This was taken at that time as conclusive evidence that we had a soil and climate well adapted to the production of the peanut and nothing has come to light since then to disprove this fact.

Probably the best time for planting peanuts in this locality is during the latter part of March or April. This works in to the best possible advantage for the Glades farmers as it follows closely the harvesting of his spring crops.

Maximum crops may be produced on any of our Gustard Apple or Elderberry lands or any of the Sawgrass lands which have been properly treated for the growing of beans, celery, lettuce or like crops.

No special equipment is required for the growing of peanuts. The equipment commonly used for planting and growing beans will plant and tend a crop of peanuts.

The closer peanuts are planted the less "pops" you may expect. They should be pulled at the right time and inverted on the ground for about three days after which time they should be stacked around poles. Here they should stand for about three weeks before threshing. If a thrasher is not available at that time they may be left in these small stacks for an indefinite period of time.

It is believed that thrashers will be available for all the peanuts we can grow, but if worst comes to worst and a thrasher with a power take off cannot be secured at the time desired to run through the field and thresh the nuts from these small stacks in the field and it becomes necessary to clear the field for fall crops, then they may be hauled and placed in a big stack where they may remain indefinitely without damage.

Fifteen hundred pounds per acre is considered a fair yield. Our Government is guaranteeing a minimum of \$82.00 per ton for small Spanish peanuts and 1 understand that some local buyers are willing to contract at \$100 per ton.

It is my opinion that a half million bushels of peanuts could be produced in the upper Glades this summer on land that would otherwise be idle and thereby put three quarters of a million

dollars in the pockets of the local farmers, furnish summer employment to many of our laborers and help Uncle Sam win the war.

Seed can now be secured, our county agent informs me, and I quote him, "Seed can be secured from one of the following: Dealers or the Georgia-Florida-Alabama Peanut Association, for cash, or as a grant of aid from the AAA or by the

"pay-as-you-harvest" plan." He recommends that you secure your seed early to make sure of them and also have time to shell by hand.

I have written this primarily for our local Glades farmers, but I do not wish to infer that satisfactory crops of peanuts cannot be produced on the coast. I believe that any land that will raise a satisfactory crop of beans, corn, or potatoes will

raise an equally good crop of peanuts.

If the readers of this paper are interested in further information in regard to varieties, methods of planting, culture, harvesting, by-products, such as hay, and will make their request to this paper, either by postal or phone, I will, if sufficient interest is manifested, discuss these matters in a future issue.
